Welcome

Bay Section Chapter Advisers:

The Bay Section officer team, the Dougherty Valley High School Chapter Advisers and officer team, and members of the California FBLA Management Team are working hard to make the 2027 Bay Section Leadership Conference, (BSLC27), an experience you will not forget!

This year's state slogan is "Driven by Vision", and we want YOU to come join us in this experience. The 2026-2027 California competitive event guidelines will be in effect. Please check out the latest competitive events guidelines on our state website, cafbla.org > Competitions > Guidelines.

As has been since 2015, BSLC will be utilizing online testing for all objective tests. This year we will continue the requirement that all competitors participating in online Objective Tests will need to bring their own device with them to take their online test(s). Please prepare your members for this so they are ready to go upon arrival at the conference. The final Conference Schedule will be posted the week of the conference. As was the case in past years, these Online Testing sessions will be spread out throughout the day to ensure all competitors get a chance to complete their specific events.

During downtime at the conference, please encourage your chapter members to attend the numerous workshops we have arranged.

Please encourage your Chapter Officers to further realize their leadership potential by running for Bay Section Office. This truly is a great opportunity for them to gain valuable leadership skills and to network with members and officers from throughout the section and state. The Bay Section Officer Candidate's Guide is posted on the cafbla.org website under the "Bay Section" tab. Applications are due no later than 11:59 pm PST on December 18, 2026. Be sure to select and register two members that are attending BSLC27 as voting delegates for the Section Officer's election on the day of BSLC27.

Thank you for all you do for your chapters and members, and I will see you in January!

Best regards

Ben Pham & Jeff Smith

Competitors must bring a folder with one copy of application materials to the conference. Review the event guidelines. Finalists (Top 10) and interview times for this event will be sent to Chapter Advisers the week of the Conference.

INTRO TO PUBLIC SPEAKING / PUBLIC SPEAKING

IMPROMPTU SPEAKING

Competitors for this event must report to a sequester room where they will be sequestered until their prep time. After their prep time, they will then give their speech. Due to the potential for an extended period of time needed to complete this event, it is encouraged that those who choose to compete in Impromptu Speaking make that their only event. Times and location for the Sequester Room will be drawn and sent to Chapter Advisers the week of the Conference. Competitors that do not report to the Sequester Room on time will be disqualified.

SALES PRESENTATION

Event Specifics:

- One entry per chapter (Individual/Team)
- **Changes to Sales Presentation this year:**
    - **Will now be a prejudged presentation at section (no live performance at section)**
    - **Sales Presentation is submitted with registration on January 8, 2027**

PARTNERSHIP WITH BUSINESS

New this year. Bay Section is offering an opportunity to compete in Partnership with Business as a chapter. This event is for Bay Section only and will not advance further. This may be a 3rd competition for others provided that there are no conflicts. If a member is competing in Partnership with Business as a 3rd competition, email Ben Pham for scheduling purposes. Event overview and judging rubric can be found HERE.

Review the event guidelines, including the “California FBLA Guidelines (Section and State)” section.

Online Testing Information

GENERAL INFORMATION

All Objective Test Competitive Events will utilize devices that each member is responsible for bringing with them to BSLC. The member's device must be charged and be able to access the internet on the day of the event. Please prepare your students and have them check their devices well in advance to ensure they are functional and able to work the day of the Conference.

Members will login to their computer under the direction of the Chapter Adviser Proctors and Administrators and complete the exam in the 50-minute time slot provided.

Reminder of a competitive event change from last year: Aligning with national guidelines, team objective testing will **no longer be collaborative** at the section and state levels. Members will take these tests individually, then the team score will be the average of all tests taken. A no show disqualifies the no show from all future competitions in that event.

TESTING SESSIONS

Members will be assigned to a specific time for each event they are participating in. It is expected that competitors be in the right room and take the right test for the time assigned to them. Competitors that do not show up for the correct event, or take an event not assigned at the published time could lead to their disqualification, or the disqualification of other competitors in that event from the same chapter. Members from the same chapter MUST take the specific competitive event during the same session. The Online Testing schedule will be prepared ahead of the conference to help members and Chapter Advisers on the day of the event. Members must test during their assigned time that is mailed to Chapter Advisers the week of the Conference.

CONFLICTS

Members who are in a Performance Event along with an Objective Test Event need to be flexible and may not get an optimal assigned time(s). Scheduling will be challenging depending on the number of competitors that are competing in two events. Members will be assigned sessions; all information can be found on the BSLC27 website.

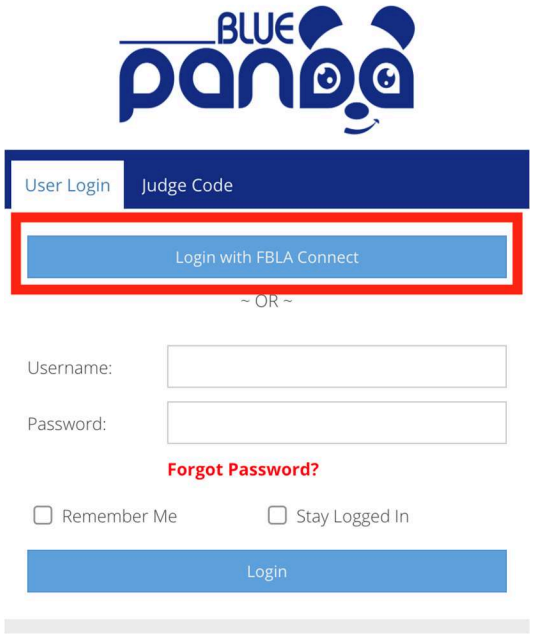
Online Registration Info

CHAPTER ADVISERS ONLY

ADVISERS: READ ALL OF THE INFORMATION BELOW BEFORE LOGGING INTO BLUE PANDA.

Log in to https://app.gobluepanda.com**.**

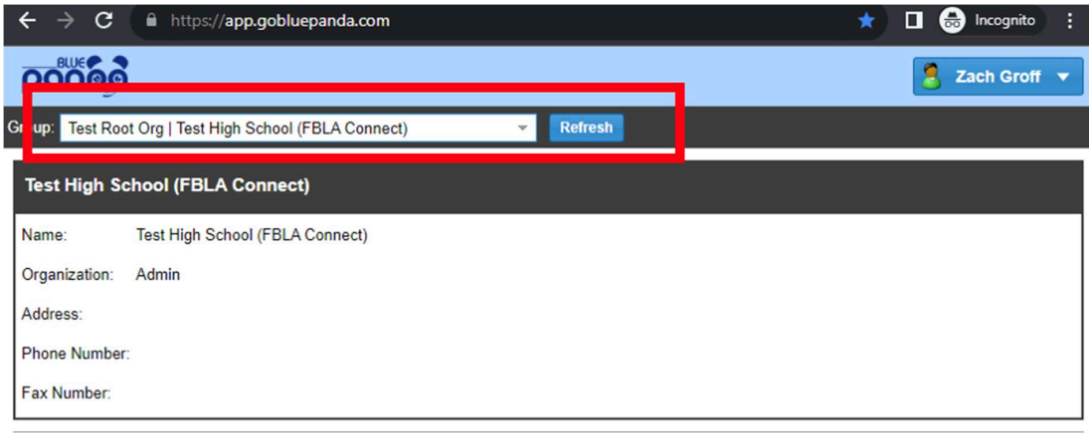
Click "Login with FBLA Connect."



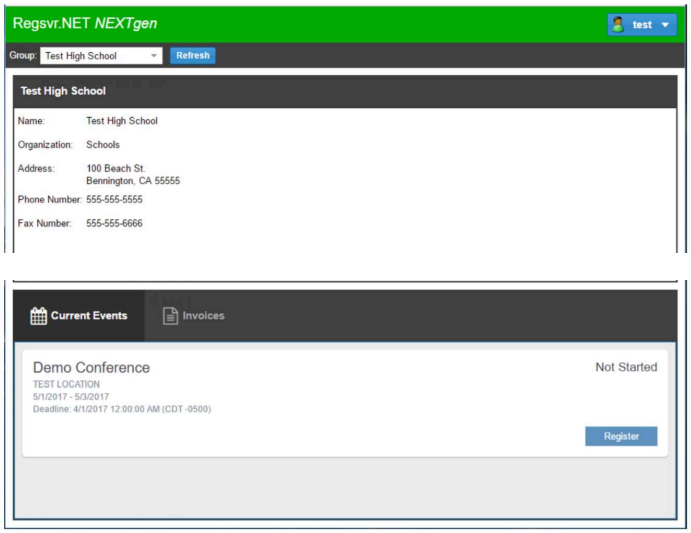
Enter your FBLA Connect email address and password.

Select the Chapter and Add Attendees

In the Blue Panda dropdown, select the "California FBLA | [Your Middle/High School's Name]" option. This will give you access to California FBLA's section and state conference registrations.



Click "Register" for the 2027 Bay Section Leadership Conference.



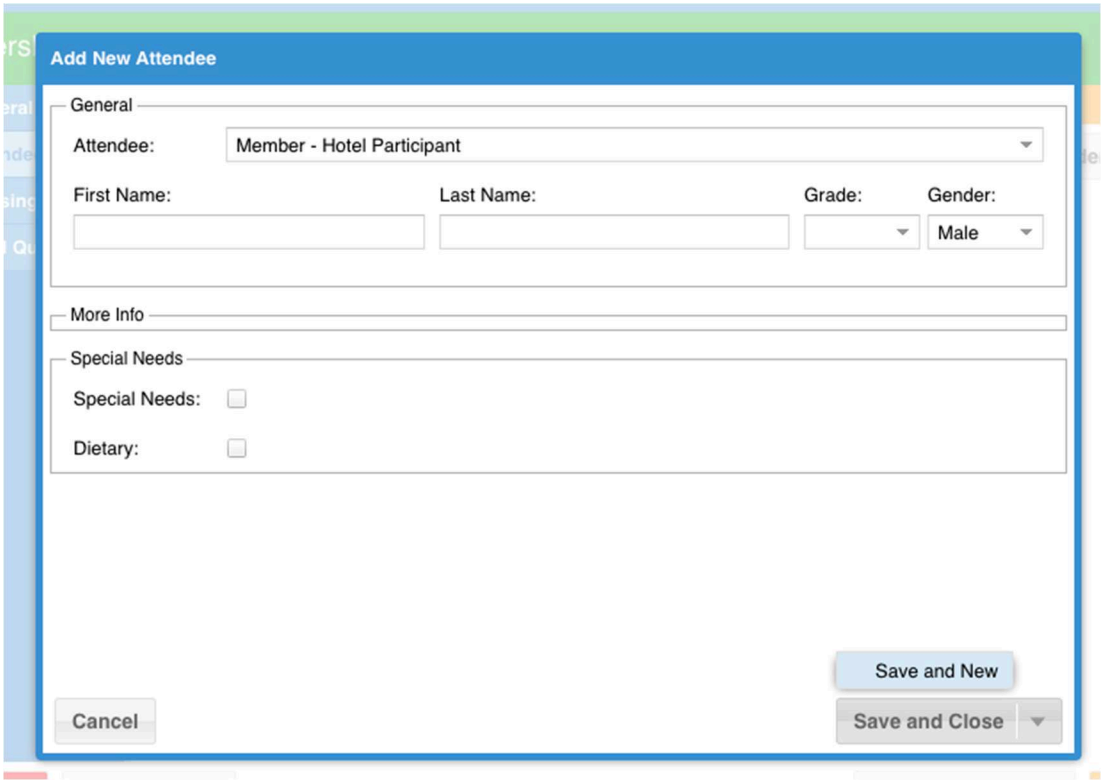
On the ATTENDEES screen, click the "ADD" button, and, first, register yourself as adviser. On the drop-down list, select the "Adviser" option. Once you do that, you will see editable fields, but they will probably be initially populated with the name of one of your students. Delete that name, and enter your own information and all remaining fields. Register any other adults attending as advisers.

Once advisers are registered, you will begin registering students by switching the drop-down to one of the "Student" options. Middle school chapters should select the "MS Student Participant" registration when registering their students. High school chapter members only should be registered under the attendee type "HS Student Participant."

Save and Add More Attendees

Tip: Save time by using the new "Save and New" option in Blue Panda. Click the down arrow next to "Save and Close" and select "Save and New."

"Save and New" will save the attendee you just added and allow you to immediately keep adding conference attendees, without constantly clicking the "Add" button for each attendee.



Missing Members and Attendee Details

Don't see your student's name in Blue Panda?

- Go to FBLA Connect.
- Go to Members > Transition Members.
- Make sure all students are listed in the middle "member" column.
- If a missing student is in the "unpaid student" column with no dollar sign next to their name …
    - Select their name, then "transition to member."
    - Click "view the quote, convert to an invoice later."
    - Near the bottom of the quote, select "Convert to Invoice."
    - **Please email the invoice number to** hello@cafbla.org**, so CA FBLA can pay the invoice.**
        - You will not pay this invoice. CA FBLA will pay this on your behalf based on the affiliation tier you selected on your affiliation form.
- If a missing student is in the "unpaid student" column with a green dollar sign next to their name …
    - **Please email the invoice number to** hello@cafbla.org**, so CA FBLA can pay the invoice.**
        - You will not pay this invoice. CA FBLA will pay this on your behalf based on the affiliation tier you selected on your affiliation form.

Be sure to carefully check and update student grade levels. Students must show proper grade levels in Blue Panda in order to enter grade specific events.

If you have students with special needs, please provide a clear explanation of the student's needs in addition to checking the Special Needs box.

If you have students with dietary requirements, please provide a clear explanation of the student's needs in addition to checking the Dietary box.

For each student, double check spelling, grade level and email address (both editable in Blue Panda, and be sure to supply personal email addresses for each student so that important notifications will not get caught in school district spam filters.

If you change anything in Blue Panda, please understand that it also needs to be corrected in FBLA Connect for future purposes, as the information does not sync the other way.

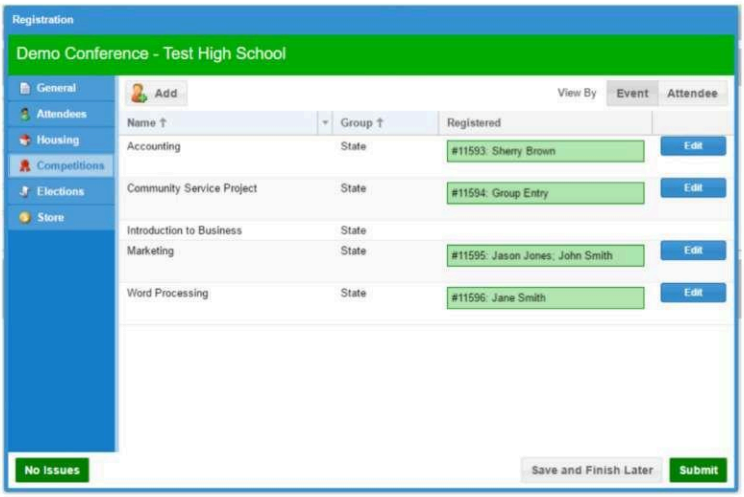
Assign Competitive Events

Once you have a given student registered under “ATTENDEES”, you will be able to assign events to them under “COMPETITIONS”. In the Competitions module, you have the option to enter students in events either BY EVENT or BY ATTENDEE (toggle top right).

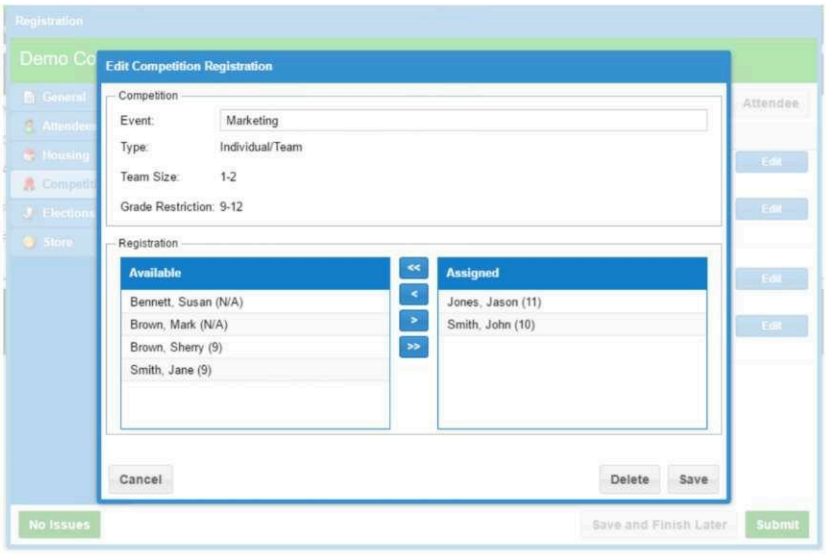
Adding Entries
Add - Select the event and click "Add" (You don't have to click the event first, but it does make it easier)

Tip: Click "Add" to create a registration for each Individual or Team. Once you've added the one Individual or Team, click OK and then click Add to create another.

Edit - Click the "Edit" button next to the registration you wish to edit.



For team events, see right:



Continue assigning events to student attendees until complete. Double-check all of your event entries before submitting.

In FINAL QUESTIONS, you will be asked to supply the names of the primary attending adviser, your two official voting delegates and your voting delegates’ email addresses (yes, again—so we can quickly get them for emailing voting forms). For Computer Applications, you will also be asked to supply the name and email of your proctor.

You may log back in to adjust any time until **JANUARY 8, 2027** to finally hit the SUBMIT button—but don’t forget to do that! Your registration will not be official until the SUBMIT button is pressed for the last time up until **JANUARY 8, 2027**.

Even after clicking the final SUBMIT button, you will be able to log back in and edit your registration up until the final deadline on **JANUARY 8, 2027**.

Chapters will receive an e-invoice from California FBLA after registration in Blue Panda closes. Through the e-invoices, chapters are able to see their balance due, and pay via credit card or check.
